

SCK-40H50 High speed carton molding machine

Suitable for higher speed carton automatic forming and sealing bottom. It can be used for wiring or single machine operation. Suction box, molding, folding bottom and bottom sealing can be completed at one time.

Parameter :

Model	SCK-40H50
Power Supply	380V/50Hz/750W
Working pressure	6kg/cm ² 450L/min
Sealed box specification	220≤L≤420;180≤W≤280;100≤H≤370 400≤L+W≤700;300≤W+H≤500
Open box	Horizontal molding
High work table	1050mm
Belt speed	20-25box/Min
Sealing tape	BOPP Adhesive tape
Adhesive tape size	W48、 58、 72mm
Machine size	L2780mm×W1250mm×H1840mm
